NO BUSHFIRES, DROUGHTS, FLOODS OR TSUNAMIS

Upon entering, this large home will promise to provide a feeling of 'coming home'. The front veranda of this brick veneer house is what invites you into the home. Once entered one will notice the beautiful polished wooden floor all through the house, which gives it a warm but classy feel. The kitchen, dining and living area is all in one. The kitchen seems to be the hub and center of the home. An open fire place provides the cozy warmth on those colder winter days. The bedrooms have built in robes and are spacious in size as well as displaying large windows to enable and airflow and light.

A m versatile family room, at the southern end of the home offers endless possibilities for its use. Two small rooms lead off it, that currently are being used as a sewing room and office.

The backyard offers some fruit trees, green house and a garden shed and maybe the odd cow walking past in the neighboring paddock.

5373 Palmerston Highway is located at the edge of town, not far from the beautiful and famous Millaa Millaa falls.

This home is so very well maintained and presented. Nothing needs to be done - only to move in and live a comfortable life.
