RENOVATE OR DETONATE?

3  | 1  | 1 

A prime spot for a redevelopment in the heart of Stoke, will you polish or demolish this wee gem?

A solid 1950's home that needs some TLC, the options here are varied and subject to the right consents the potential exists for:

- Adding a minor dwelling or second home on the back of the section
- Building 3 two level homes (concept plan available)
- Building 4 single unit townhouses (concept plan available)
- Renovating the home as is and enjoying a large section
- Turning the house into a daycare or business premises to take advantage of the excellent street frontage
- Build some big sheds out the back for vehicles or the home business.

The question is, what will you do with it? Please note - any subdivision development or business use requires resource consent approval through Nelson City Council.
