Architect Davina Bester from Milieu Creative has truly found the coastal zeitgeist in this amazing off-form concrete beach home built by Adrian Zorzi only footsteps from the waters edge in Mettam Street - perhaps Triggs most sought after street!

With commercial grade luxury interiors, and sumptuous and elegant finishes it's really easy to imagine yourself living a wonderful life here.

The use of high-quality raw materials such as timber and concrete create hard wearing and practical family living space for that laid back coastal living experience that you've always dream of.

Pull a bottle of aged wine from your own cellar to complement a meal. Entertain elderly relatives with these with your own elevator. Collect a cool spare car - there's plenty of garaging here! Stay fit in your own home gym. Entertain your friends in style both indoors or out, the party zones in this house are next level!

The home itself is a beautifully designed enclave with everything you need for living within the four walls of the property… but in this amazing beachside community, you are sure to find that life is more often outside your home than it is within!

If you know "The Coast" you will know that its most premium location is between Trigg Point and the North Beach Jetty. 29 Mettam is smack bang in the heart of the zone!
