SERENE SANCTUARY IN CENTRAL MAPUA

4  | 2  | 1 

You will be forgiven for not believing a property like this exists in the heart of Mapua village, but it certainly does... Viewing in person is highly recommended to fully appreciate this rarity!

Manicured grounds welcome you home- tucked away at the rear of this beautiful section sits a gorgeous character home that has been lovingly restored throughout.

The exterior has recently been repainted and with the addition of double glazing, underfloor heating and two heat pumps you'll be thankful when winter rolls around.

Exceptional indoor outdoor flow from the sunny living room and with multiple covered decks either side of the property ensure alfresco dining can be achieved whatever the weather. With three bedrooms completing this cute character home.

Such a peaceful and private setting, allows you to share your piece of paradise with those you choose. Yet only a few seconds walk from Mapua Village Bakery and the four square, a pleasant 5 minute stroll and you'll be dining out at the Wharf. Enjoy the very best of Mapua life
