NATURE LOVER'S DELIGHT, TUI'S, SECLUSION AND TRANQUILITY

The family home has something very special on offer, with its very own parklike gardens and walkways, nestled alongside a reserve. The grounds have been lovingly prepared to minimize time spent tending to them, leaving more time for enjoyment, whether you are a child wanting a magical place to play or a more mature child looking for a restful spot to read. For those with entertaining in mind, the large open plan living areas flow easily out to the huge private covered decking that has a gorgeous garden backdrop. Here you can relax with family and friends whilst hosting BBQ's or gatherings using the outdoor fireplace to create an ambience in your very own haven, while dining alfresco.
