**4122M2 BLOCK OF LAND IN PONT STREET,
CHILLAGOE FOR \$50,000... SNAP IT UP TODAY...**

Slightly undulating block at the end of Pont Street in the Industrial area is a blank canvass for you to do as you wish. Some small trees and shrubs and grass. Fully fenced and easy to walk the boundaries.

Electricity supply is further down Pont Street, but could be connected at your expense. There is no town water in Pont Street, so water tanks or a bore would be your best options. An ideal block to build something totally off grid with plenty of sunshine and room for tanks for rainwater.

Take a look and make it yours.
