GROUND LEVEL WITH BIG BACKYARD – PERFECT FOR FIRST-HOME BUYERS & INVESTORS!

This apartment is ideal for first-home buyers ready to break into the market, it's got all the character and charm to be transformed into a space you'll love. Park your boat or trailer inside the back yard. there's plenty of space here.

Step through a lush, low-maintenance entry, where a shady weeping tree and tropical greenery frame two parking spaces—one under cover, the other cool beneath the canopy.

Inside, it's all about space and style. Soaring raked ceilings with exposed timber beams set the scene in the expansive open-plan living, dining, and kitchen area. Natural light spills in, bouncing off a bright, neutral palette to enhance the home's airy, warehouse-like appeal.

The kitchen blends rustic and urban vibes, featuring raw timber cabinetry and exposed brickwork for a touch of country-chic cool. Designed for both function and flair, the U-shaped layout offers ample bench space, storage, overhead cupboards, and a handy servery to the dining area.

Both bedrooms are oversized, with built-in robes, air conditioning, and sleek tiled floors. Big enough to fit a reading nook or work-from-home setup, these spaces deliver comfort without compromise.

Out back, a private courtyard with established gardens is the ultimate retreat. Fire up the BBQ under the verandah—whether it's for a classic snag or a plant-based alternative (we won't judge).

With schools, parklands, shops, and transport all within easy reach, this location seals the deal.
