The air-conditioned three-bedroom home has an emphasis on storage, with built-in wardrobes in every bedroom. The Jack and Jill style bathroom works perfectly with the flow of the home. The 3-way design ensures the amenities can be easily accessed from the master suite and the rest of the family. Living is light-filled and central to the home, with dining alongside and a functional kitchen with a massive pantry.

The home lends itself to entertaining, set amongst the leafy backyard with an all-weather BBQ patio area just at the rear of the home. If you would like to take leisure time to the next level, there is also a purpose-built fire-pit area and a concrete slab perfect for the spa. The garden shed sits solid on a concrete slab perfect for the mower and garden tools.

Remote access to the garage is super handy, and for the second car or 4WD there is a parking space alongside the home. For trailers there is a side gate and gravel area so you can lock it away safely. Internal access to the home is via the remote garage where the laundry and second toilet is located. Solar hot water is a dollar saver from day one.
