RENOVATE OR DETONATE?

Its glory days of serving as a church have now passed, now for the next chapter. This large double block consists of the Church building with supper room to the side and a separate building that previously housed visiting Priests. This separate building is a 2 room unit with kitchen and bathroom, living room and bedroom. With some upgrades the unit could be a cozy home. It also has a carport off to the side, perhaps close that in for another room? It's quite straight and solid so no reason it cant be upgraded. With its wonky walls and floor however, the Church building itself is really only useful as a shed or demolition. There is a small garden shed at rear as well.

Located in Main St of Tottenham NSW, a thriving community and welcoming place to live. Offering sporting, recreational, medical, shopping and service facilities, we have it covered. Come and experience the difference Country living provides.
