A great opportunity to build a special home here on this titled, freehold land, and make the most of this brilliant Northern aspect and views out across the ocean and islands. It's 1483m2, so even accounting for the long driveway access it's still a big block, plenty of room for your dream home plan, pool and shed.

With good elevation above the water, there are no other house blocks between you and the waterfront, so the views go on as far as you can see, and you have direct access to the beach. Beautiful bay views and out to the open ocean too, with the islands of the Northern end of the Whitsundays to the horizon.

The Bowen area has everything you need locally, and it's central to major Queensland towns. Call today to secure this oceanfront homesite for yourself.
