Sections in Motueka are getting harder to find, especially with no covenants!

Flat, freehold and sunny! This spacious section is only limited by your imagination!

The options are endless but here's just a few ideas of what you could do:

1. Build your dream home- your plans your builder
2. Build new with David Reid Homes Nelson- who are finalizing concept plans and prices
3. Relocate an existing dwelling and save yourself thousands of dollars
4. Give your Tiny home a permanent base (if you don't have a Tiny home but want one- we could arrange this too)
5. Keep the whopping 54m2 garage and sleepout and add a small dwelling
6. Do nothing just keep and land bank!
7. Do none of the above- and just do what you want!
