HAIR THERAPY WIGS LTD – MEDICAL WIG SALON

Don't miss a rare chance to acquire an established, proven medical wig salon with strong referral pathways, recognised supplier relationships, and reliable demand in a specialised sector. This is not a passive investment. It suits a hands-on owner with hairdressing experience and solid business acumen who wants meaningful, profitable work supporting people through medical hair loss.

The salon supports clients experiencing cancer treatment, alopecia and long-term medical conditions. It offers private appointments, expert fitting, specialist product advice and genuine emotional support. Clients consistently value the dignity and confidence they regain.

Hair Therapy Wigs Ltd has excellent standing with medical providers and oncology networks. It is a registered provider with the Ministry of Health, ACC and Income Support, the sole NZ distributor of The Hair Grip, and an agency with Wigs by Haircreations supplying Ellen Wille brand wigs. With 500+ permanent clients and ongoing demand, it holds a respected position in this field.

Operations run Tuesday to Friday by appointment, with Monday by arrangement. A working owner is supported by a consultant and receptionist. Stock is held on consignment, supplier relationships are strong, and a new lease will be available. The current owner will assist with a planned handover.

Located close to major healthcare services, the salon is easy to access and offers a private, welcoming environment during a vulnerable time in clients' lives.

There is also an option to potentially purchase the premises from the current landlord, providing long-term security if desired.

This opportunity offers purpose-driven ownership and commercial return, backed by reputation, long-term client demand, clear systems and strong referral channels. Potential to grow further can be discussed confidentially.

The owner is retiring and invites confidential enquiries.
