

FOR SALE

OFF PLAN - FRESHWATER TERRACES – CONTEMPORARY TOWNHOUSE LIVING IN TERALBA, LAKE MACQUARIE

MUST READ - For buyers seeking panoramic lake views (T1, T2, T11), low-maintenance living and the quality of a brand-new home in one of Teralba's most desirable lakeside pockets, Freshwater Terraces delivers a rare and highly appealing opportunity. Designed by Torren Bell and built by award-winning Hunter Coast Homes, this exclusive boutique development of just 12 architecturally designed townhomes has been carefully planned to maximise light, space and its elevated easterly outlook over Lake Macquarie.

Freshwater Terraces combines contemporary coastal style with premium craftsmanship and practical everyday living. Each residence has been thoughtfully designed with high ceilings, quality finishes and carefully selected fixtures and accessories throughout, creating a sense of sophistication rarely found in townhouse living. Features including solid core internal doors, plaster set cornices, modern lighting, stone benchtops and stylish designer inclusions further elevate the homes and reflect the quality of construction throughout the development.

The spacious open-plan interiors seamlessly connect the kitchen, dining and living zones, creating bright and inviting spaces equally suited to relaxed family living or entertaining guests. Large balconies, courtyards and outdoor entertaining areas extend the living outdoors, allowing residents to enjoy sweeping district and lake views in a peaceful setting.

At the centre of each home is a beautifully appointed kitchen featuring stone benchtops, premium appliances, generous storage and breakfast bar seating for casual dining. Modern comforts including air-conditioning, NBN connectivity, internal laundries and secure garage parking ensure every terrace is move-in ready with comfort and convenience already built in.

Upstairs, the master suites provide a private retreat complete with walk-in robes, ensuites and balconies where the lake outlook becomes part of everyday life. Flexible floorplans also include additional bedrooms, rumpus rooms or study spaces, making these homes ideal for professionals, couples, downsizers, investors and growing families alike.

Residents of Freshwater Terraces also enjoy exclusive access to a shared inground swimming
