A HOME OF LIGHT, STYLE, AND VIEWS

This home perfectly balances charm, style, and breathtaking views—a sanctuary of calm where every detail has been thoughtfully considered. Cleverly designed to capture both north- and south-facing vistas, it offers moments that truly take your breath away.

Set across two complementary buildings, the original 1949 cottage has been lovingly restored, while a modern rear dwelling accommodates a growing family or offers a home-and-income opportunity. Together, they create a home that is both inviting and inspiring.

Sun-filled living spaces in the cottage flow effortlessly from the kitchen and dining area to the lounge and two bedrooms. North-facing windows frame sparkling waters and distant islands, and the deck provides the perfect perch to watch golden light spill across the bay.

A charming walkway leads to the rear dwelling, where high ceilings and picture windows define a contemporary lounge. The master suite is a serene retreat with a luxurious ensuite, and downstairs, a versatile family/media room offers endless possibilities.

Outside, the flat, beautifully tended section provides off-street parking, space for a boat, a gently sloping lawn and your very own bore.

Stylish, contemporary, and full of character, this home is more than a property—it's a lifestyle of light, beauty, and breathtaking views.
