REMARKABLE

This remarkable 1.58 ha property truly must be seen to be believed.

Three years in the making, this stunning home was well worth the wait. The generously sized main living area features soaring gable ceilings, exposed timber rafters, and beautifully recycled interior timber. Rustic yet modern tiling throughout the kitchen and bathroom adds character and warmth, making this home both unique and inviting.

The master bedroom opens directly onto a verandah and includes a walk-in robe, while large glass doors connect the living spaces seamlessly to both verandahs, creating a wonderful indoor-outdoor flow. A wood fireplace keeps the home warm and cosy during the cooler months.

The second bedrooms and bathroom are located in an attached building, connected by a verandah, and include an adjacent outdoor laundry.

Every board has been carefully crafted to fit its place, blending quirky, rustic, and modern elements throughout. Select windows feature leadlight detailing, which becomes a stunning highlight when illuminated at night.

An old-school bus has been thoughtfully converted into an art studio, but it could also serve as a teenager's retreat or temporary accommodation. It's fully equipped with power, water, and a sink—everything you need.

Two shipping containers form part of a shed/workshop, with roofing between them, complemented by additional sheds, greenhouses, and a charming chook house. The established gardens include above-ground vegetable beds with irrigation already in place and ready to go.

Don't wait and don't miss out on this incredible property.
