There are homes that simply offer room to live — and then there are homes like 100 Condor Drive, where scale, style and comfort come together in a way that feels both impressive and incredibly easy to enjoy.

Set behind a beautifully presented frontage with exceptional off-street parking, a double internal access garage and additional carport, this is a home designed for modern family life without compromise. From the moment you arrive, the architectural lines, manicured gardens and warm timber detailing create an immediate sense of quality.

Inside, the heart of the home is nothing short of striking. High ceilings and extensive glazing draw in natural light and create a wonderful sense of openness through the kitchen, dining and main living area, while seamless connection to the covered deck makes entertaining feel effortless in every season. Whether it's a long lunch with friends, a quiet evening outdoors or family gatherings that spill easily from inside to out, this is a home that knows how to host.
