CONTEMPORARY SOPHISTICATION & PRECISION DESIGN

3  | 2  | 2 

Why settle for ordinary when you can live in a home defined by high-end craftsmanship and sharp design? Built in 2022 by Proform Homes, 14 Hayward Place is a standout example of modern residential living, where natural textures meet a bold, monochromatic aesthetic. From the moment you arrive, the striking dark vertical cladding and manicured street appeal establish a presence that is both powerful and refined. Inside, the home balances clean lines with warm wood-look tones and sleek cabinetry, creating an environment that feels premium and intentionally designed.

The kitchen features quality cabinetry paired with crisp surfaces and modern hardware. A clever window splashback brings a view of the outdoors directly into the workspace, while the walk-in pantry keeps the main area looking sharp and uncluttered. This space flows into the open-plan dining area, where large sliding doors open out to an expansive timber deck. Positioned to take in the lush Ohauti greenery, this outdoor area is the ultimate setup for summer entertaining or an evening outdoors. A separate living room provides a dedicated space to relax, offering the flexibility to keep your hosting and lounging areas distinct.

The master suite is a standout retreat, featuring a custom vertical-slat feature wall that adds a layer of depth and character to the room. It is further enhanced by a generous walk-in robe and a private ensuite. Both bathrooms exhibit a high-calibre finish, with floor-to-ceiling veined
