PRESTIGE LANDHOLDING - 2000M2 WITH SUBDIVISION POTENTIAL (STCA) - RARE FIND!

Positioned in one of Springwood's most desirable pockets, this exceptional 2000m² parcel of land offers a rare opportunity to secure a substantial holding with both lifestyle appeal and future upside.

Perfectly flat and highly usable, the block is ideally suited for a luxury residence, multi-dwelling development, or land banking opportunity. With utilities already configured to accommodate a potential subdivision into two lots (subject to council approval), the foundations are in place for those seeking to maximise value.

A standout feature of this property is its sense of space and privacy. With established properties positioned to the side and rear, the block benefits from a protected outlook and added exclusivity — a rare find in such a well-connected location.

- Subdivision potential into 2 lots (STCA)
