A HOME FOR EVERY SEASON

Autumn Beginnings

At 2 Autumn Place, the name couldn't be more fitting. Like the changing seasons, this is a home that embraces every stage of family life. Perfectly positioned on an elevated corner site, bathed in all-day sunshine, this immaculately presented brick and tile home has been thoughtfully designed for making memories, celebrating milestones, and enjoying the simple pleasures that become life's greatest treasures.

Summer Days, Endless Ways

When summer arrives, this home truly comes to life. The sparkling heated saltwater pool becomes the backdrop to unforgettable summers, where children's laughter echoes across the backyard and long afternoons drift effortlessly into warm evenings spent entertaining family and friends. With seamless indoor-outdoor flow from the heart of the home, every gathering feels easy, every celebration feels special, and every weekend feels like a holiday.

The Heart of Every Season

The beautifully updated Eastwood Design kitchen is where daily life unfolds. Morning breakfasts before school, family dinners around the table, and conversations that stretch long after the dishes are done. Designed with connection in mind, the open plan kitchen and dining area flows effortlessly outdoors, while the separate lounge offers a quiet retreat when life's pace calls for a little breathing room.

Room to Grow Through the Years

Just as seasons change, families grow and evolve. The generous layout provides flexibility for every chapter, featuring a private master suite with a renovated ensuite and customised wardrobe system, three additional bedrooms, a family bathroom, and multiple living spaces. Whether you're raising young children, navigating teenage years, or welcoming extended family, this home adapts beautifully to life's changing needs.

A Lifestyle That Never Goes Out of Season

Directly across the road, the reserve walkway invites daily adventures, morning strolls, and after-school explorations. The fully fenced section provides peace of mind for children and pets, while the easy-care grounds mean more time enjoying your surroundings and less time maintaining them.
