UNDER CONTRACT

Some homes simply offer space. Others offer a way of life.

Welcome to 167 Hollister Lane, where approximately 313sqm (approx.) of thoughtfully designed living has created a home that effortlessly adapts to every stage of family life. Whether you're raising children, welcoming elderly parents, working from home, or simply dreaming of having room for everyone to come together, this exceptional residence has been designed to make it all possible.

Built with substantial concrete block construction, this is a home that feels reassuringly solid from the moment you arrive. Combined with full insulation throughout—including the internal walls—it offers an exceptional level of warmth, peace and privacy. The result is a home that is remarkably quiet, wonderfully comfortable, and a joy to live in all year round.

From the moment you step inside, you'll appreciate the intelligent layout that gives every member of the family their own private sanctuary while still creating beautiful spaces to connect. Offering five generous bedrooms (or four plus a dedicated home office), three spacious living areas, and three beautifully appointed bathrooms, this is a home where everyone can truly have their own place.

The luxurious master suite is privately positioned away from the rest of the home, creating a peaceful retreat complete with its own ensuite and spacious walk-in wardrobe. A thoughtfully designed wing offers two additional bedrooms, a wheelchair-accessible wet-room bathroom and its own living area—perfect for grandparents, extended family, guests, or independent teenagers seeking their own space. A generous family bathroom services the remaining bedrooms.

At the heart of the home lies a kitchen that will delight even the most passionate entertainer. Stone benchtops, a stunning freestanding cooker, walk-in pantry, wine fridge, double-door refrigerator space with a plumbed water connection, and generous preparation areas ensure family gatherings and celebrations become effortless occasions.
