WAIKANAE LIVING WITH A BEAUTIFUL OUTLOOK

Wake each morning to one of Waikanae's most iconic outlooks, Kapiti Island rising from the sea, get used to dining with incredible sunsets and outlook.. From this elevated 2148m² section, the contour delivers a vantage point few properties can match, opening the horizon wide and giving you a backdrop that feels both peaceful and dramatic.

The gradient of the land creates a unique opportunity: the ability to design a home that steps with the landscape, capturing uninterrupted views from multiple levels. Architectural builds thrive on sites like this where elevation, privacy, and outlook come together to create something truly special.

- Opportunity to create a bespoke, view driven home,
- Uninterrupted sunsets and wide horizon outlooks,
- Quiet, established neighbourhood with quality surrounding homes,

Native bush and established greenery frame the rear of the property, adding calm and seclusion while ensuring those sweeping Kapiti views remain front and centre. It's a rare combination of outlook, elevation, and tranquillity all in one.

And when convenience matters, everything is close at hand Waikanae Village is just 2.2km away, with supermarkets and cafés right there, Waikanae Train Station only 2.4km for an easy city commute, and Waikanae Beach around 3.5km when you want sand, sea, and fresh air. Everything you need is close, yet your home will feel worlds away.

Sections of this scale, with views of this calibre, are seldom available in Waikanae. This is your chance to secure a site where your future home can stand proudly among quality builds and long term value.
