There is a little-known secret to this beautiful pocket of City Beach. Beyond its beaches, parklands and village lifestyle lies an extraordinary hilltop landscape overlooking rolling green valleys and mature treetops stretching northwards as far as the eye can see.

From its elevated position in the heart of the Empire Village precinct, this substantial family home enjoys a magnificent, sun-drenched northern outlook over an endless green canopy. Protected from the prevailing south-westerlies, these are wonderful all-weather views, enjoyed in sunshine and comfort throughout the seasons. One of the most beautiful and little-known residential vistas in metropolitan Perth.

Set on a generous 1,095sqm landholding, this is a home of grand proportions, architectural substance and enduring quality, constructed with a wonderfully warm palette of natural materials. Artisan hardwood timbers, limestone and travertine feature throughout the interiors and outdoor living spaces, lending the home timeless, earthy elegance and a sense of permanence.

At its heart, an extraordinary double-height living space with soaring ceilings reaching approximately eight metres creates an unforgettable first impression. A sweeping sense of volume, natural light, an open upper gallery and beautifully detailed timber staircase give this home the scale and character of a substantial country residence, right here in coastal City Beach.
