ONE-OF-A-KIND COUNTRY LIVING – HARDWOOD CHARM ON 5 ACRES

There are country properties... and then there are properties that simply make you smile the moment you arrive.

Set across a beautifully established 5 acres, this wonderfully unique property is bursting with character, charm and personality. From the moment you enter via the sweeping semi-circular driveway, you'll discover a home and grounds that feel more like a private country retreat than an ordinary rural residence.

At the heart of the property is a beautifully crafted hardwood timber home, offering warmth, character and a level of individuality that is increasingly difficult to find. With polished timber floors throughout, a full-length front veranda, rear veranda, feature fireplace and timber details throughout, this is a home that celebrates genuine craftsmanship.

The two-bedroom home offers comfortable country living with a well-appointed kitchen featuring a commercial-grade upright stove, separate dining and lounge areas, built-in cupboards, ceiling fans, air conditioning and a main bedroom suite that was custom-built specifically for the room and remains with the property.

Adding even more character are the original A. Kewrick & Sons barn door rollers fitted to the main bedroom – heavy-duty cast iron rollers manufactured in England in the early 1900s. It's these wonderfully unexpected details that make this home so special.

The property is equally impressive outside.

The established grounds have been lovingly developed into a beautiful garden sanctuary featuring two rainforest areas, extensive native plantings, water features, natural ponds and multiple garden ponds, creating a peaceful environment that attracts an abundance of local wildlife.

Expect regular visits from birds, wallabies, kangaroos, possums, frogs and other native wildlife, with the gardens thoughtfully planted to support the natural environment.
