A PRIVATE RAINFOREST RETREAT WITH INCREDIBLE TUNTABLE VALLEY VIEWS

Uri Ross Property is proud to present 228 Newton Drive, Nimbin — a charming two-bedroom, two-bathroom home surrounded by lush gardens, rainforest and incredible views over the Nimbin Valley.

One of two homes on a 12.85-hectare property held as tenants in common, this dual occupancy offers approximately 20 acres for the exclusive use of 228. With privacy, established gardens and a beautiful connection to the surrounding landscape, it is an inviting opportunity for those seeking a quieter way of life.

Inside, large windows frame leafy outlooks and draw natural light into the home. The kitchen features open shelving, generous bench space, a freestanding gas cooker and a water filter, while the living area provides a comfortable place to settle in beside the combustion fireplace on cooler evenings.

Both bedrooms enjoy garden outlooks, while the bathroom is a standout feature. Expansive corner windows surround the bathtub, capturing the forest and distant valley views to create a peaceful place to unwind.

The generous covered verandah makes the most of the setting, offering space to dine with friends, enjoy a morning coffee or watch the changing light across the valley. The outlook and sense of seclusion are central to the appeal of this home. The forest canopy opens around the home so you can relish in ample afternoon sun.

Outside, winding paths lead through an expansive array of flowers, established trees and lush greenery which thrive in the fertile soils. Waratahs are a special feature of the garden, with blooms previously sold to a florist as a source of income. Raised vegetable beds, quiet sitting spots and colourful plantings add to the enjoyment of the grounds, with plenty to inspire keen gardeners. Enjoy exploration of the creek which runs through the property too.

Beneath the home, is a second bathroom space with bath, shower and laundry on a slab floor as well as substantial practical space for a workshop, storage, hobbies or creative pursuits.
