This beautifully presented cottage was built circa 1900 and retains its wonderful charm and character with space for a growing family.

The floor plan offers three generous sized bedrooms and one bathroom, plus a living room, dining space and classic front verandah where you can relax and enjoy the local climate. Downstairs at the rear of the home, you have the laundry, lots of storage space and a quaint alfresco area.

This gorgeous property is full of charming features such as turn of the century timber linings, 10.5ft ceilings through most of the residence, beautiful French doors that open out to the porch and allow plenty of natural light and fresh breezes to filter throughout the home. The country style kitchen has a dishwasher, timber bench tops, gorgeous original timber flooring and looks out to the living room.

This family home is set on a deep 556sqm block with a fully fenced rear yard. There's plenty of space for the kids and family pet to run free or for the avid gardener to really get stuck into creating a private oasis. There's already a good sized shed and a chook yard at the bottom of the yard.
